### There Is Nothing So Good.

There is nothing just as good as Dr. King's New Discovery for consumption, coughs and colds, so demand it and do not permit the dealer to sell you some substitute. He will not claim there is anything better, but in order to make more profit he may claim something else to be just as good. You want Dr. King's New Discovery because you know it to be safe and reliable, and guaranteed to do good or money refunded. For coughs, colds, consumption and for all affections of throat, chest and lungs, there is nothing so good as Dr. King's New Discovery. Trial bottles free at Will Collins & Co's drug store. Regular sizes 50c cents and \$1.00.

\$100 Reward, \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & Co., Toledo, O.

### Rheumatism Cured in a Day.

"Mystic Cure" for rheumatism and neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause, and the disease immediately disappears. The first dose greatly benefits; 75 cents.

T. F. Anthony, ex Postmaster of Promise City, Iowa, says: "I bought one bottle of 'Mystic Cure' for rheumatism and two doses of it did me more good than any medicine I ever took."

Sold by Johnson & Henderson, druggists, Owosso, 6, 19, '97.

### Fire Wipes Out a Clothing Store.

Iron River, Mich., Feb. 23.—J. W. Stein & Sons' dry goods and clothing store was almost entirely consumed by fire Sunday evening. The loss is \$15,000, partly covered by insurance. The fire caught from a defective stovepipe. At one time it looked as though the entire block would be consumed, but fortunately the wind was not blowing and the extra exertion of the fire company and citizens prevented a serious conflagration.

### WASHINGTON'S BIRTHDAY.

His Memory Honored in a Fitting Manner at Chicago.

Chicago, Feb. 23.—The annual celebration of the anniversary of the birth of Washington under the auspices of the Union League club was held in the Auditorium yesterday afternoon. The great hall was filled to its utmost capacity, the stage being occupied by a large chorus of children from the high schools of the city, which, in company with the great organ in the hall, furnished music for the occasion. The oration of the day was delivered by Hon. Frederic R. Coudert of New York, who spoke on "War and Arbitration."

In the evening a banquet was held at the home of the Union League club, at which the speakers were Coudert, Rev. Charles E. Jefferson, A. B. Cummins, James R. Garfield and Colonel Henry L. Turner.

All the schools in the city held anniversary exercises yesterday and the national ensign floated everywhere.

### Pioneer Meeting.

The Pioneer Society met at the Baptist church, Corunna, Monday morning at 11 o'clock. After electing officers for the ensuing year and transacting business of minor importance, the meeting adjourned until 2 o'clock. The following officers were elected:

President, J. E. Sloan, Corunna; 1st vice president, J. H. Howe, Owosso; 2d vice president, A. H. Owen, Venice, secretary, Mrs. A. H. Parkill, Owosso; treasurer, Mrs. H. M. Howe, Owosso.

The afternoon session opened with the singing of "Auld Lang Syne." Minutes of morning session read. A song was then rendered by a quartette consisting of Mesdames Kellie and McFriede, and Messrs. Interback and Colby; Mrs. Jarvis, organist.

Mrs. Curtis, of Owosso, gave a reading, "To a shroud of linen." Another song by quartette, "Give me my own native land."

The president then introduced Mr. Kanouse, of Livingston county, who gave reminiscences of pioneer days connected with the same. Mr. Kanouse said he only came to see and be seen, but gave a short talk which included an exciting wolf story.

Rev. Riley C. Crawford, of Grand Rapids, gave a talk. He was a pioneer circuit preacher in this county. He came into the county in 1836, settled near Byron. His sister Adelaide was the first white child born in the county. He paid a tribute to the memories of Deacons Comstock, Barnes and Rutan, of Owosso. Mr. Crawford spoke of the beginnings of the village of Byron. A plat of the proposed village was made on paper, and with that representation its promoters secured credit for a stock of goods and established a store in the town.

Mr. Kanouse said there was about a cart load of the stock. He went there to buy a pound of tea, couldn't get trusted, so went home and drank crust coffee.

A. W. Chipman asked Mr. Crawford about his soldier experience, which revealed the fact that they were both in the Toledo war, and brought out some laughable incidents of their soldier experience. Mr. Chipman spoke of early times and told of some of his experiences as justice of the peace.

Jas. N. McBride gave an impromptu talk on his pioneer days in this county; then spoke of the present troublous times, said the present generation had as hard a problem before them as the earlier ones had. They had cleared the lands, developed the farms, and now the question was, "What to do with them?" Advised the taking up the best sugar industry.

Mesdames Kellogg and McBride sang "The Old Red Cradle."

Mr. Young, of Owosso, said he came into this county in 1855 and came about; spoke of his pioneer life and drew some comparisons of past and present.

Mr. Barber, president of the Livingston County Pioneer Association, responded to a call for a speech. Told of pioneer frolics, husking bees, etc., and furnished a paper giving a history of the Toledo war, which was not really a war but a make-believe. He gave impressions that prevailed abroad as to the worthlessness of Michigan as an agricultural state. He said in the early days there were no gold bugs or silver bugs but all were neighbors.

Mr. Brown said he had lived in this county sixty years; told of the efforts made in early days to navigate the Shiawassee river, the attempt to build a plank road from Corunna to Chesaning, gave his experience as stockholder in the D. & M. railroad.

Exercises closed with the quartette singing "Going Back to Dixie."

Almost every man in America has some digestive trouble. When men meet, the greeting usually is, "Well, how are you?" That develops health talk. The man who has no bowel or stomach trouble is almost a curiosity. Trouble is men take no care of themselves. They eat as though they had copper stomachs and bowels of brass. By and by, overworked nature rebels. Then come headaches, nervousness, bad blood, liver and kidney troubles. Dr. Pierce's Pleasant Pellets furnish help for constipation and topid liver, sick and bilious headache, dizziness, sour stomach, loss of appetite, indigestion, or dyspepsia, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Accept no substitute.

One of the most brilliant social events of the season occurred Monday afternoon at 3 o'clock, at the home of F. G. Morrice, northwest of this place, when his daughter, Miss Amy, was united in marriage to Mr. Geo. S. Field, a rising young lawyer of Detroit. At the appointed hour the bridal party marched into the parlors, which were decorated with cream bunting and cut flowers and smilax, to the strains of the wedding march, played by Miss Effie Manning, of Owosso, a cousin of the bride. Miss Morrice was accompanied by Miss Fannie Cook, of Corunna, and Mr. Field by Dr. Bentley, of Detroit. The bride wore white satin, with chiffon and pearl trimmings, and the groom the usual black. Rev. John Clafin, of Leslie, performed the marriage ceremony, after which light refreshments were served. Guests to the number of eighty were present from Bay City, Saginaw, Owosso, Corunna and Detroit. Mr. and Mrs. Field left on the evening train for their future home on 25th street, Detroit.

Mrs. Field is a graduate of the Corunna high school and has since taught at the same place, where she was loved by all who knew her. Mr. Field also finished the course in the same school and afterwards graduated from the U. of M. May joy attend them.

### EASY TO GET FAT.

#### If Your Drink is Right.

Skinny people generally are so, because of their inability to digest the food which is passed from the stomach into the bowels. The bowel digestion is weakened. Starches of the grains make fat tissue, but if the bowel digestion is weakened by coffee, tobacco, whiskey, etc., the person remains skinny. Leave off the weakening habits and use in place of coffee, Postum Cereal, the health coffee. It is made by the Postum Cereal Co. (Lim.), Battle Creek, Mich., entirely of grains, and is fattening. It looks like the finest Mocha coffee. Persons who care to lay aside their hurtful habits and eat plain well cooked food and some fruit, and drink Postum Cereal Food Coffee, will feel a great improvement in a week's time. Nature is a powerful builder if left free to work without drugs and poisons.

It should not be forgotten that 80 per cent of the body is liquid, therefore a healthful liquid is of the greatest necessity.

Wily grocers sometimes work in cheap imitations of Postum Cereal Coffee if the customer will stand it.

For sale by Duff & Detwiler and Hall Brothers.

### LA GRIPPE.

Some Recent Reports Concerning the Ravages of this Prevalent Disease.

Dr. Hartman is constantly receiving letters from all parts of the United States from people who have suffered from La Grippe or are suffering from it. The Doctor's remedy, Per-na is found to be of great value in the treatment of this disease. N. N. Coons, Monmouth, Ill., writes: "Last fall I was taken with la grippe and was unable to do my work. I consulted several of our best doctors but found very little relief. I saw one of your advertisements and concluded to give your Per-na a trial. I bought two bottles and was surprised at the good it did me. I used it all and bought six more bottles and was soon able to go back to my work. I think your Per-na is an excellent medicine and I have recommended it to others." Geo. W. Norman, 2531 Nicollet Avenue, Minneapolis, Minn., was also cured of la grippe with Per-na.

Many cases of cures of la grippe are recorded in Dr. Hartman's latest book on chronic catarrh and catarrhal diseases. The book contains 64 pages, instructively illustrated. It will sent free for a short time by The Per-na Drug Manufacturing Company, Columbus, Ohio.

### Tariff on Lumber.

Detroit, Feb. 20.—A meeting was held here Thursday of many Michigan lumbermen who have money invested in Canadian pine and who object to letting the \$2 per 1000 tariff go through congress as decided upon by the house ways and means committee. A committee of a dozen leading lumbermen was appointed to visit Washington again and endeavor to influence the house to refuse to adopt the recommendations of the ways and means committee and to enact instead the McKinley rate of \$1 per 1000.

### Measure of Retaliation.

Detroit, Feb. 20.—Citizens of Windsor, Ont., are agitating a movement for the enactment of a law for an export duty on natural gas as a means of retaliation against the amendment of Congressmen Corlies of this city to the immigration bill, which is designed to prohibit residents of Canada from working on this side. An export duty would shut off Detroit's natural gas supply.

### Freight Handlers on Strike.

Ludington, Mich., Feb. 24.—The freight handlers of the Flint and Pere Marquette dock struck Monday night for a restoration of their pay to 20 cents per hour. Those opposed to working longer at the old rate of 15 cents compelled others to join their ranks, and four steamers remained at the dock until Tuesday morning, when a force of men brought from Saginaw by special train began the discharge of their cargo under the protection of the sheriff and a force of deputies. The strikers number about 400.

It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Johnson & Henderson, druggists, Owosso, Mich.

### THE WEEK IN CONGRESS.

#### Synopsis of the Proceedings of the National Lawmakers.

Washington, Feb. 20.—After eight hours in executive session the senate adjourned yesterday without a vote on the arbitration treaty, the opposition filibustering to prevent action. Sherman and Lodge pleaded with those opposed to action to take a vote or agree to take a vote, but the minority was unyielding and forced an adjournment. Teller and Daniel spoke against the treaty and Lindsay for it. Nothing else was done in the senate.

In the house there was a long debate over the general deficiency bill, during which Walker of Massachusetts denounced the rules committee for its alleged "tyranny." The bill was not completed. Grow made a speech for the free homes bill. Nothing was done at the night session.

Washington, Feb. 22.—The senate Saturday adopted a resolution of sympathy with Greece in the present dispute in Europe over Crete. Quay tried to get up the bill for a commission to look into labor troubles, but after a brief talk it was displaced by the Indian appropriation bill. This gave rise to a long debate in which the silver question cropped out and also the old dispute about granting money to churches for Indian education, the senate committee having added a clause to continue that practice. The bill was not acted upon at adjournment. A bill was passed giving the widow of General Cifer \$50 a month pension.

The house put in the day on the general deficiency bill, striking out an item of \$12,000 to pay members who had been "doctored" for non-attendance by a rule of the Fifty-third congress. McMillan made a hot speech against the supreme court for deciding against the income tax referring to the "thick hide" of Justice Shiras, who changed his opinion on that case and calling the majority opinion "alush." No action on the bill. The bill for an international commission was reported favorably.

Washington, Feb. 23.—After Washington's Farewell Address had been read in the senate by Daniel the Indian appropriation was taken up and the clause for further help to sectarian Indian schools adopted with a proviso that this would be the last. The president sent in two vetoes of private pension bills, and it was agreed, beginning tomorrow, to meet at 11 a. m. The Indian appropriation is still pending.

The house passed the general deficiency bill, retaining the appropriation provision was taken up and good progress made on the bill.

Washington, Feb. 24.—The senate made very slow progress on appropriation bills, disposing of only one item of the Indian bill, that directing the opening of the Uncompahgre Indian reservation in Utah. It involved a conflict with the executive branch which has steadily resisted opening these lands on the ground that they contained valuable mineral deposits. Villas endeavored to have a royalty reserved to the government, but was defeated in this and the clause was agreed to after an all-day debate. During the day a resolution by Mills was adopted, asking the president for information as to the death of Dr. Ruiz at Guanabacoa, Cuba. Morrill announced a Cuban speech tomorrow.

Washington, Feb. 24.—The house sent the naval bill, the last of the appropriation bills, to the senate yesterday.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digestor of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the waste of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

Give the babies Laxol, which is Castor Oil made as palatable as honey.

Ministers, Lawyer, Teachers and others whose occupation gives little exercise, should use Carter's Little Liver Pills for torpid liver and biliousness.

### Thurber Says It Is All a Lie.

Washington, Feb. 24.—Inquiry was made at the White House yesterday as to the foundation for the published story which has been reported in various forms within the past few days to the effect that General Lee, consul general at Havana, has resigned or intends to resign if he cannot secure certain demands he has made upon the state department, and also that he has called for an American warship to support him. In reply Thurber, secretary to the president, stated positively that there was not a scintilla of truth in the story, either as to the resignation or the call for a war ship.
